

### **Use of Language: a common approach (1996)**

This document outlines the basic principles and practice for enhancing the learning of English in other subjects and enhancing subject learning by working on the language used.

**Use of language: English key stages 1 and 2 (1996)** and **Use of language: English key stages 3 and 4 (1996)**. These 2 leaflets set out practical ways to embed English across the curriculum in primary and secondary classrooms.
